

MESSAGE RE: CEMETERIES

In an effort to support the community effort to address the corona virus pandemic and for the safety of the families of the Archdiocese and the staff of the cemeteries, our Catholic cemeteries in Miami Dade and Broward Counties are closed for visitation. Families wishing to make arrangements for burials should call ahead and are asked to limit the number of persons coming on site to make arrangements to only two (2) persons.

No funeral Masses or committal services will be held in the chapels at the cemetery unless the family has a licensed location inside one of the buildings. All committal services will be graveside, with no more than 10 family members in attendance unless there is a license for a location inside a building. Families having the committal service graveside or if licensed, in a building, who wish to have an anniversary service in the future when the crisis has been resolved, will be accommodated

Memorial Masses and anniversary services at the cemeteries, in any buildings, are suspended until further notice.
